

To Our Valued Customers,

As communities across the globe are dealing with COVID-19, we recognize you have questions about the supply chain affecting our industry, and countless other industries globally.

Our manufacturers and importers continue to feel the impact of COVID-19 on their supply chain, leading to severe shipping delays. Reduced staff, container shortages, overloaded ports, raw material shortages, maxed production lines, and driver shortages are all factors that are contributing to the delays.

At Nassau Candy, we pride ourselves in doing everything we can to maintain our industry-leading, on-time delivery. We understand how important our products are to your day-to-day business and profitability. Until the supply chain recovers, speak to your representative who will be happy to guide you regarding product availability and alternative product substitutions.

As you know, Nassau Candy is a family business, and we take great pride in treating our customers as if they are part of our family.

We are here for you and thank you for your continued partnership.

Thank you for your business!
