

To Our Valued Customers,

As communities across the globe are dealing with COVID-19, we recognize that you have questions about the supply chain and also questions about safety.

First and foremost, yes, we are open for business and fully operational.

We are instituting extra diligence in cleanliness and hygiene and following every protocol recommended by the CDC to ensure the health and well-being of our employees as well as our customers. All our shipments are handled with the utmost care and caution.

As you know, Nassau Candy is a family business and we take great pride in treating our customers as if they are part of our family.

Together, we made it through the aftermath of Hurricane Sandy.

Together we made it through the national crisis that ensued after the attacks of 9-11, helping our communities come together and emerge stronger.

Together, we will make it through this international health emergency.

As always, we are here for you and thank you for your continued support.

Be well,

Team Nassau Candy
